## Cabinet, Door & Window Hardware

Luxury architectural hardware specialists Joseph Giles are an exceptional British business with an impressive portfolio of residential and commercial projects across the globe.

Their core ranges are designed and manufactured in Great Britain, and are the result of a history of innovation combined with decades of experience. They are proud of their British heritage and work with the finest craftsmen across the UK to deliver exceptional products for their customers.

Since 1998 they have built a reputation as one of the finest designers and manufacturers of bespoke door hardware in the UK. Their professionalism and attention to detail secured them significant contracts for the Royal Family, celebrities and many other exclusive projects.

Their strong focus on creating exceptional products has earned them the reputation as being a "world leader in luxury architectural hardware" and an international business award.

### *Specification*

Joseph Giles in conjunction with In Residence are introducing New Zealand to the finest quality door, window and cabinet hardware. The In Residence team offer consultation based specification for Joseph Giles' comprehensive range of elite English crafted hardware. Firstly, we can offer indicative pricing, followed by a consultation based quotation service and full project scheduling.

### *Delivery*

Please check on the lead times of Joseph Giles and plan ahead for your project requirements. Availability will vary according to demand and the production and air-freight delivery time from England is approximately 8-12 weeks.

### *swift*

Joseph Giles Swift is their new expedited delivery service offering shortened lead times and rapid dispatch on select products, sizes and finishes. Subject to availability, quantity and the time the order is received. Look on the Joseph Giles website to filter by Swift.

Signs	109
Window Hardware	110-112

*Standard Finishes*

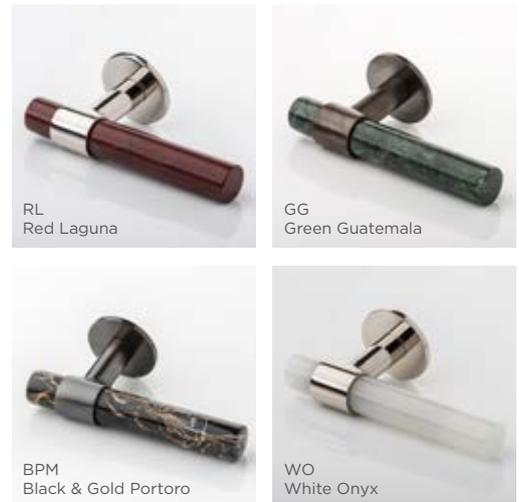

Almost all Joseph Giles products are finished by hand, natural variations will occur and add a unique beauty to each piece. All the finishes above are brass based, with the exception of stainless steel finishes. Mid Antique Bronze Waxed and Dark Bronze Waxed are some of Joseph Giles' most popular finishes both in the UK and around the world. These 'Living' finishes will naturally patinate over time and usage. This allows each piece to develop a beautiful and unique look, adding character to the design scheme.

*Bridle Leather*

The finest quality bridle leather is applied by highly skilled and experienced craftsmen to create unique and timeless designs. The leather is both sustainably and ethically sourced. All edges are burnished for a clean, tidy and durable finish. The handles are carefully hand stitched and leather wrapped for an authentic and personalised finish.

*Marbles*

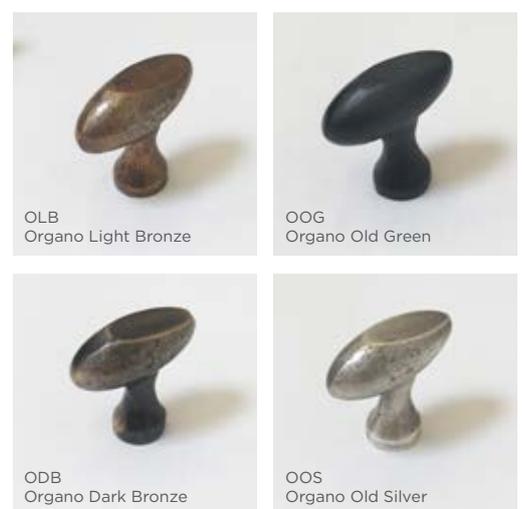

Collett-Zarzycki, a respected London architecture practice, and Joseph Giles, leading designers and manufacturers of luxury architectural ironmongery, have partnered to create a stunning range of marble door and cabinet furniture for super prime developments.

The finest Italian marbles including White Onyx, Green Guatemala, Red Laguna and Black and Gold Portoro provide the jewel-like finishing touches for the ultimate in luxury design schemes. The range includes a door pull, a lever handle and cabinet pulls. All pieces have a cylindrical marble shaft, with minimalistic metal fixtures to ensure the marble remains the focal point.

Joseph Giles comments, "Using marble was a first for us, it's taken the finished product to a new level of luxury. It's one of the finest products we have ever made. We very much enjoy working with the visionary designers at Collett-Zarzycki and look forward to the next project".

*Cast Bronze*

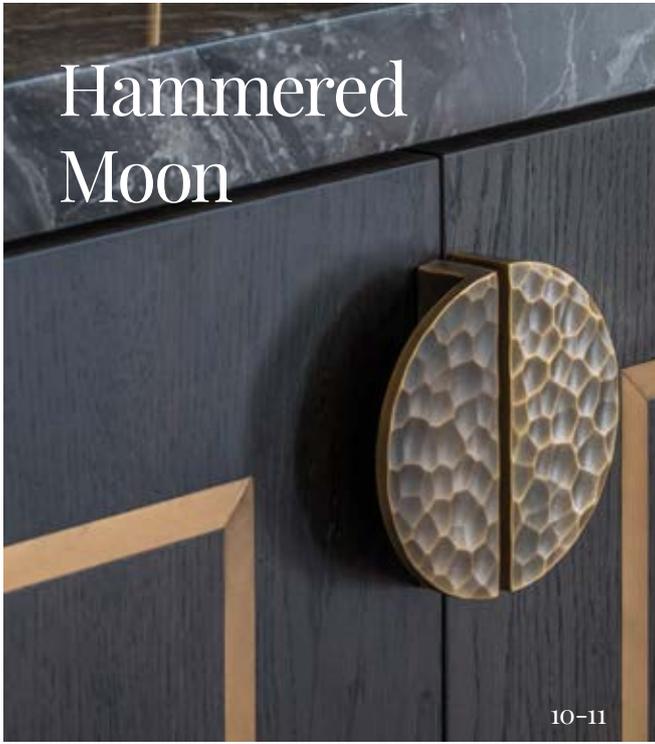

The Organo range is manufactured using traditional casting methods. As each piece is unique, there will be minor aesthetic variations and differences in porosity.
